FAMILY AGENCY CONTRACT COMPLIANCE MONITORING REVIEW**

The Out-of-Home Care Management Division (OHCMD) conducted a review of Counseling & Research Associates Foster Family Agency (Masada Homes) in July 2011, at which time the agency had 25 DCFS placed children in 16 homes.

Masada Homes has two offices, one located in the Second Supervisorial District and one in San Bernardino County. Both offices provide services to Los Angeles County the Department of Children and Family Services (DCFS) foster youth. According to Masada Homes' program statement, its goal is "to provide children with a stable and supportive living environment while preparing them for reunification with their biological families or placement." Masada Homes is licensed to serve children ranging from birth through 17 years.

For the purpose of this review, six children were selected for the review. All six sampled children's case files were reviewed. However, five children were interviewed as one child was too young to be interviewed. The placed children's overall average length of placement was 16 months and the average age was eight. Three certified foster parents' files were reviewed; four discharged children's files were reviewed; and five staff files were reviewed for compliance with the Title 22 Regulations and County contract requirements.

To Enrich Lives Through Effective and Caring Service"

Two placed children were prescribed psychotropic medication. We reviewed their files to assess timeliness of psychotropic medication authorizations (PMAs) and to confirm that documentation of psychiatric monitoring was maintained as required.

SCOPE OF REVIEW

The purpose of this review was to assess Masada Homes' compliance with the County contract and State regulations. The visit included a review of Masada Homes' program statement, administrative internal policies and procedures, six placed children's case files, three certified foster parent files and five personnel files. Three certified foster homes were visited where foster parents were interviewed to assess the quality of care and supervision provided to children and we conducted interviews with five placed children to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

During the review, interviewed children reported feeling safe, being provided with good care and appropriate services, being comfortable in their environment and treated with respect and dignity.

We noted deficiencies related to Masada Homes failing to contact OHCMD regarding historical information on prospective certified foster parents, not conducting home inspection/re-evaluations for re-certification, Needs and Services Plans (NSPs) were not comprehensive, encouraging/assisting foster children in maintaining a life book/photo album, and documentation of required training for personnel.

Based on our review, the aforementioned deficiencies revealed the need for more thorough documentation. Additionally, routine monitoring of files by supervisory staff would appear to eliminate the documentation issues identified.

In conclusion, Masada Homes was receptive to implementing systemic changes to improve their compliance with regulatory standards. The Administrator agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

NOTABLE FINDINGS

The following are the notable findings of our review:

- Of the three certified foster parents' files reviewed, one did not have documentation of OHCMD being contacted for historical information and none of the certified foster homes had annual re-assessments. Masada Homes' representatives agreed and stated that they will ensure that all prospective certified foster parents are cleared through OHCMD and that annual re-assessments are conducted.
- None of the NSPs were comprehensive. Specifically the goals were not specific, measurable, and time-limited. Also, CSW contacts were not consistently documented. Masada Homes' representatives requested that the monitor provide training on NSPs. In addition to NSP training provided by OHCMD in January 2012, additional training was provided by the OHCMD Monitor to all social work staff on February 6, 2012.
- Of the five children interviewed, one child indicated that he was not encouraged/assisted in maintaining a life book/photo album. Masada Homes' representative agreed to ensure that all children are provided a life book/photo album.
- Of the five personnel files reviewed, three did not have documentation of initial training and emergency intervention training. Masada Homes' representatives stated they would ensure that all personnel files have the required documentation.

A detailed report of our findings is attached.

The following report is based on a "point in time" monitoring visit. This compliance report addresses findings noted during the July 2011 monitoring review.

CONTRACTUAL COMPLIANCE

Based on our review, Masada Homes was in full compliance with seven of 11 sections of our contract compliance review: Licensure/Contract Requirements; Facility and Environment; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medications; Personal Rights and Social Emotional Well-Being; Discharged Children. The following report details the results of our review.

CERTIFIED FOSTER HOMES

Based on our review of three certified foster parents' case files and/or documentation from the provider, Masada Homes was in full compliance with 11 of 13 elements reviewed in the area of Certified Foster Homes.

We noted that the FFA was not contacting OHCMD regarding historical information on prospective certified foster parents prior to certification, and not conducting re-evaluations/assessments for re-certification. The Administrator stated that they will ensure that all prospective certified foster parents are cleared through OHCMD and that annual re-assessments are conducted.

Recommendation:

Masada Homes' management shall ensure that:

1. OHCMD is contacted for historical information regarding prospective certified foster parents prior to certification.
2. Re-Evaluations/Assessments for Re-certification are completed at the time of re-certification.

MAINTENANCE OF REQUIRED DOCUMENTATION AND SERVICE DELIVERY

Based on our review of six children's files and/or documentation from the provider, Masada Homes fully complied with eight of 11 elements reviewed in the area of Maintenance of Required Documentation and Service Delivery.

We noted that the NSPs were not comprehensive, and CSWs monthly contacts were not documented. Also, the NSPs did not have goals that were specific, measurable, and time-limited. Masada Homes' representatives responded that their social workers will document

To Enrich Lives Through Effective and Caring Service"

their CSWs contact on the NSPs. They requested that the OHCMD Monitor provide additional NSP training. This training was conducted on February 6, 2012 Masada Homes' La Verne location.

Recommendations:

Masada Homes' management shall ensure that:

3. Initial NSPs are comprehensive, including child specific, measurable, and time-framed goals.
4. Monthly CSWs contacts are documented on the NSPs.
5. Updated NSPs are comprehensive, including child specific, measurable, and time-framed goals.

PERSONAL NEEDS/SURVIVAL AND ECONOMIC WELL-BEING

Based on our review of six children's files and/or documentation from the provider, Masada Homes fully complied with seven of eight elements reviewed in the area of Personal Needs/Survival and Economic Well-Being.

We noted that one child reported he was not encouraged and/or assisted in maintaining a life book/photo album. The Administrator stated that they will ensure that all children are provided with a life book/photo album at intake.

Recommendation:

Masada Homes' management shall ensure that:

6. All foster children are encouraged/assisted in maintaining a life book/photo album.

PERSONNEL RECORDS

Based on our review of five staff files and/or documentation from the provider, Masada Homes fully complied with 13 of 14 elements reviewed in the area of Personnel Records.

We noted that three staff did not have documentation of initial training and emergency intervention training. The Administrator stated that all staff will have documentation of initial training and emergency intervention training.

Recommendation:

Masada Homes' management shall ensure that:

7. All employees have documentation of initial training and emergency intervention training.

PRIOR YEAR FOLLOW-UP FROM THE AUDITOR-CONTROLLER'S COMPLIANCE REPORT

The Auditor-Controller's (A-C) last compliance review was issued on November 13, 2007.

Objective

Determine the status of the recommendations reported in the prior A-C's compliance review.

Verification

We verified whether the outstanding recommendations from the A-C's last compliance review dated November 13, 2007 were implemented.

Results

The A-C's prior monitoring report contained two outstanding recommendations. Masada Homes was to ensure that NSPs contained all information required and that DCFS Social Workers approved in writing all NSPs; and that agency management ensure that staff working on the County contract received annual performance evaluations. Based on our follow-up of these recommendations, Masada Homes fully implemented one of two recommendations from the A-C's November 13, 2007 report. Further corrective action was requested to address the one remaining finding.

Recommendation:

Masada Homes' management shall ensure that:

8. They fully implement the outstanding recommendation from the A-C's November 13, 2007 report, which is also noted as Recommendation 3 in this report.
